Volume 16 Issue 3 | March 2016

2015 Strategic Plan Performance Report

Annually, Village officials and residents discuss community needs, prioritize policy options, and set goals. In July 2015, the board met during a goal setting workshop and established critical success factors that reflect the input of the residents and are guided by the priorities of the elected officials. The 2015 Strategic Plan Performance Report provides a summary of accomplishments that have occurred during the last six months of 2015 as they relate to the critical success factors that were established. The report can be found on the Village's website, www.vil.woodridge.il.us.

2016 Refuse, Recycling, and Yardwaste Survey

Enclosed in this month's Water Bill Brief is a short survey to allow for resident input regarding your

current use and preferences with Waste Management. Time is approaching for the Village to negotiate a new contract and secure a waste collection provider that provides services that best fit the needs of the Village. It is important to have resident input in this effort.

The enclosed survey is two-sided, with the front page being more informational and the back side containing the survey. We encourage residents covered under the Village contract (single family homes and 4 unit or less multi-family residences) to complete this survey and return through your water bill, or drop it off or mail it to Village of Woodridge, 1 Plaza Drive, Woodridge IL 60517. You can also fax the completed survey to (630)719-0971 or email to jmoline@vil.woodridge.il.us. Please return the survey by March 31, 2016. The results of this survey and resident input will be factors in many decisions for the new contract. Survey results will be posted online when compiled. If you have any questions, please call Jeff Moline, Assistant Director of Public Works, at (630) 719-4754.

Yard Waste Collection Begins April 1st

Yardwaste collection officially resumes on April 1st and continues through December 15th. Residents can dispose of yard waste at the curb on their normal refuse collection day. One sticker is required for every 33 gallon unlined container or yardwaste paper bag.

Brush should be packaged in bundles no more than 4 feet in length and 2 feet in diameter. Each bundle must have a yardwaste sticker attached and cannot weigh more than 60 pounds. Waste Management-Metro also rents out 60-gallon & 90-gallon totes for yardwaste. Residents can also use environmentally friendly alternatives to dispose of yardwaste. These options include mulching and composting. Visit DuPage County's website, www.dupageco.org for information on composting.

Water Quality Report Available Online

Did you know that Public Works insures the reliable delivery of over 1 billion gallons of water annually to almost 9,500 residential and business customers throughout the community? The Village's high standard of water compliance can be reviewed in detail by reviewing the annual water quality report found on the Village's website. Find it through the *Residents* menu on the website, www.vil.woodridge.il.us.

Village Emergency and Non-Emergency Dispatching Through 9-1-1

Anyone needing the assistance of a police officer, for any reason, should dial 9-1-1. Non-emergency calls during daytime hours are also dispatched to the police through the 9-1-1 system.

During regular business hours, Monday through Friday, from 8:00 a.m. to 4:30 p.m., residents can call in Public Works concerns to (630) 719-4753. For Public Works emergencies such as sewer back-ups or water main breaks that occur after business hours, residents should call 9-1-1 to have to have a Public Works crew dispatched.
