1. If the successful Bidder fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or fails to provide the supplies or to perform the service at the exact price accepted by the Village (and any charges for contract changes mutually agreed to by the Village and the successful Bidder); or

6. The successful Bidder shall apply to any tribunal for the appointment of a trustee or receiver of any part of the assets of the successful Bidder, or commence any proceedings relating to the successful Bidder under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or other liquidation law of any jurisdiction, or any such application shall be filed, or any such proceedings shall be commenced, against the successful Bidder, and the successful Bidder indicates its approval, consent or acquiescence, or an order shall be entered appointing such trustee or receiver or adjudicating the successful Bidder bankrupt or insolvent, or approving the petition in any such proceeding, and such order remains in effect for sixty (60) days.

B. In the event the Village terminates this contract in whole or in part as provided in Paragraph (A) of this clause, the Village may procure, upon such terms in such manner as the Village Administrator may deem appropriate, supplies or services similar to those so terminated, and the successful Bidder shall be liable to the Village for any excess costs for such similar supplies or service, provided that the successful Bidder shall continue the performance of this contract to the extent not terminated under the provisions of this clause.

EQUAL EMPLOYMENT OPPORTUNITY

In the event of the contractor's non-compliance with the provisions of this equal employment opportunity clause, the Illinois Human Rights Act or the Rules and Regulations of the Illinois Department of the Human Rights ("Department"), the Contractor may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the contract may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation. During the performance of this contract, the contractor agrees as follows:

1. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, order of protection status, national origin, or ancestry, age, physical or mental handicap unrelated to ability, or an unfavorable discharge from the military service; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such under utilization.
2. That, if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability (in accordance with the department's rules and regulations) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

3. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, order of protection status, national origin or ancestry, age, physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.
4. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the contractor's obligations under the Illinois Human Rights Act and the Department's Rules and Regulations.

If any such labor organization or representative fails or refuses to cooperate with the contractor in its efforts to comply with such act and rules and regulations, the contractor will promptly so notify the department and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.
5. That it will submit reports as required by the department's rules and regulations, furnish all relevant information as may from time to time be requested by the department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's rules and regulations.
6. That it will permit access to all relevant books, records, accounts, and work sites by personnel of the contracting agency and the department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the Department's rules and regulations.
7. That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the contractor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the department in the event any subcontractor fails or refuses to comply therewith. In addition, the contractor will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

SUBCONTRACTS

Each public subcontractor shall in turn include the equal employment opportunity clause set forth within these rules and regulations in each of its subcontracts under which any portion of the contract obligations are undertaken or assumed, said inclusion to be either verbatim or by reference so that the provisions of the clause will be binding upon such subcontractors.

CONTRACTS OR SUBCONTRACTS WITH RELIGIOUS ENTITIES

The requirements of the equal employment clause set forth above with respect to non-discrimination because of religion shall not apply to a religious corporation, association, educational institution or society with respect to the employment of individuals of a particular religion for the carrying on by such corporation, association, educational institution or society of its activities.

B. MEETING BEFORE WORK BEGINS

It is mandatory that the Contractor meets with the Director of Public Works or his designee(s) prior to the start of work in order to review the contract specifications, designate the appropriate project contacts, and the manner in which work will be proceeding, among other items. In the event that any of the Contractor's employees is deemed by the Village, in the Village's sole discretion, to be unfit or unsuitable to perform the services under this Agreement as a result of intoxication, drug use, by virtue of abusive or obnoxious behavior, by poor quality of work, poor demeanor, or other similar reasons, then upon formal written request of the Village, the Contractor shall remove such employee from work within the Village and furnish a suitable and competent replacement employee.

C. DAMAGE TO PUBLIC OR PRIVATE PROPERTY

Any damage of public or private property caused by the Contractor's operations shall be resolved with the property owner within ten (10) days after damage occurs to the satisfaction of the Village. The Contractor shall inform the Village of any damage caused by the Contractor's operation on the day such damage occurs. Should the damage not be rectified within the time frame agreed upon or to the satisfaction of the Village, the Village reserves the right to repair or replace that which was damaged or assess the Contractor such cost as may be reasonable and related to damaged caused by the Contractor, and deduct these costs from any payment due the Contractor.

D. BASIS OF PAYMENT

The Contractor shall be paid for the work described herein on a per tree basis for each work area. Partial payment shall be made to the Contractor as work progresses but, in no case, shall payment be made on trees not removed in accordance with these specifications and accepted arboricultural practices. Diameter of

trees removed shall be measured with a standard diameter tape at four and one-half (4-1/2) feet from the ground.

E. FINAL REPORT

Upon completion of the project a report shall be prepared and submitted to the Village for review and acceptance in typed form listing location (address), number(s) of trees removed, and diameter of the trees removed. The Contractor shall be required to make any requested revisions to the report prior to the Village finalizing and accepting the project.

F. STARTING AND COMPLETION REQUIREMENTS

Work shall begin on or about September 15, 2014, or at a time mutually agreed upon by the Contractor and the Village inspector. Work shall be 50% complete prior to December 31, 2014 and 100% complete by March 1, 2015.

G. WORKING HOURS

The Contractor shall work the same hours as the Public Works Department unless other arrangements are agreed upon ahead of time. The Department's normal work hours are 7:00 a.m. to 3:30 p.m., Monday through Friday. Unless otherwise approved by an authorized representative of the Village, all work by the Contractor shall be completed at least one (1/2) half hour prior to the end of the Village's specified work hours, in order to allow an opportunity to review the completed work.

H. TRESPASS ON LAND

The Contractor shall confine his operations and storage of materials and equipment to the job site public right-of-way or easements. The Contractor shall exercise extreme caution so as not to trespass upon property of third parties not involved in the contract. In the event that the Contractor is to enter upon the property of third parties in the execution of the work he shall obtain written permission prior to doing so and submit evidence of said written permission to the Village in advance of entering the private property.

I. COSTS

The undersigned hereby affirms and states that the unit prices quoted herein constitute the schedule of costs to the Village for all work involved in the respective items. This cost also includes all proposal preparation costs, insurance, royalties, transportation charges, use of all tools and equipment, superintendent, overhead expense, inspection costs, all profits and all other work services and conditions necessarily involved in the work to be done in accordance with the requirements of the contract documents considered severally and collectively.

J. ADDITIONAL WORK

The Village reserves the right to order additional work at the same unit price as provided for in the contractor's bid. Prior to commencing any additional work, the bidder shall submit his charges for performing the work and shall not proceed until the Director of Public Works or his designee, has approved the charges in writing.

K. ADDITIONAL INFORMATION

Each bidder shall be asked to provide the following data with the bid:

A statement of the items or equipment that the bidder proposes to use on the project and a statement noting which of these items of equipment the bidder owns. A separate statement is needed for those items the contractor does not own but will be able to rent or otherwise have access to use.

At least four (4) references who can attest to the bidder's ability to fulfill this contract including at least one (1) municipal, governmental, or institutional reference. Include names, addresses and phone numbers.

At least one (1) reference that can attest to the bidder's previous satisfactory performance of a municipal or other governmental tree trimming contract that is comparable in size to this project.

Any bidder may be required by the Village to submit additional data in support of the bidder's claim to be competent to carry out the terms and provisions of the contract.

L. PENALTY FOR NON-COMPLETION

Time is of the essence to the contract. Should the Contractor fail to complete the work within the working days stipulated in the contract or on or before the completion date stipulated in the contract or within such extended time as may have been allowed, the Contractor shall be liable and shall pay the Village two hundred fifty dollars (\$250.00) per calendar day not as a penalty but as liquidated damages, for each day of overrun in the contract time or such extended time as may have been allowed. The liquidated damages for failure to complete the contract on time are approximate, due to the impracticality of calculating and proving actual delay costs. This penalty established is to cover the cost of delay to account for administration, engineering, inspection, and supervision during periods of extended and delayed performance. The costs of delay represented by this schedule are understood to be a fair and reasonable estimate borne by the Village during extended and delayed performance by the Contractor of the work, remaining incidental work, correction of work improperly completed, or repair of work damaged as a result of the Contractor. The liquidated damage amount specified will accrue and be assessed until final completion of the total physical work of the contract even though the work may be substantially complete. The Village will deduct these liquidated damages from any monies due or to become due to the Contractor from the Village.

The other provisions of the Contract have been established to allow for the efficient completion of this project, without creating additional burden or hardship on Village residents or additional administration and/or operating expenses for the Village. The failure to adhere to the specifications of the contract, including but not limited to the following examples, shall result in the assessment of liquidated damages of one hundred dollars (\$100.00) per incident per day. Some examples include:

- a) failure to start work on the specified date and time without notification and approval for a change from the Village;
- b) failing to show up for scheduled work without notification to the Village;
- c) starting operations before the allowed time without permission from the Village;
